

Be a Secret Santa **for a vulnerable child**

Deck your halls

Come together as a family, school or congregation this Christmas, and decorate your own Action for Children bauble. By sharing our vision, you could help more vulnerable children feel the magic of Christmas.

To make your bauble:

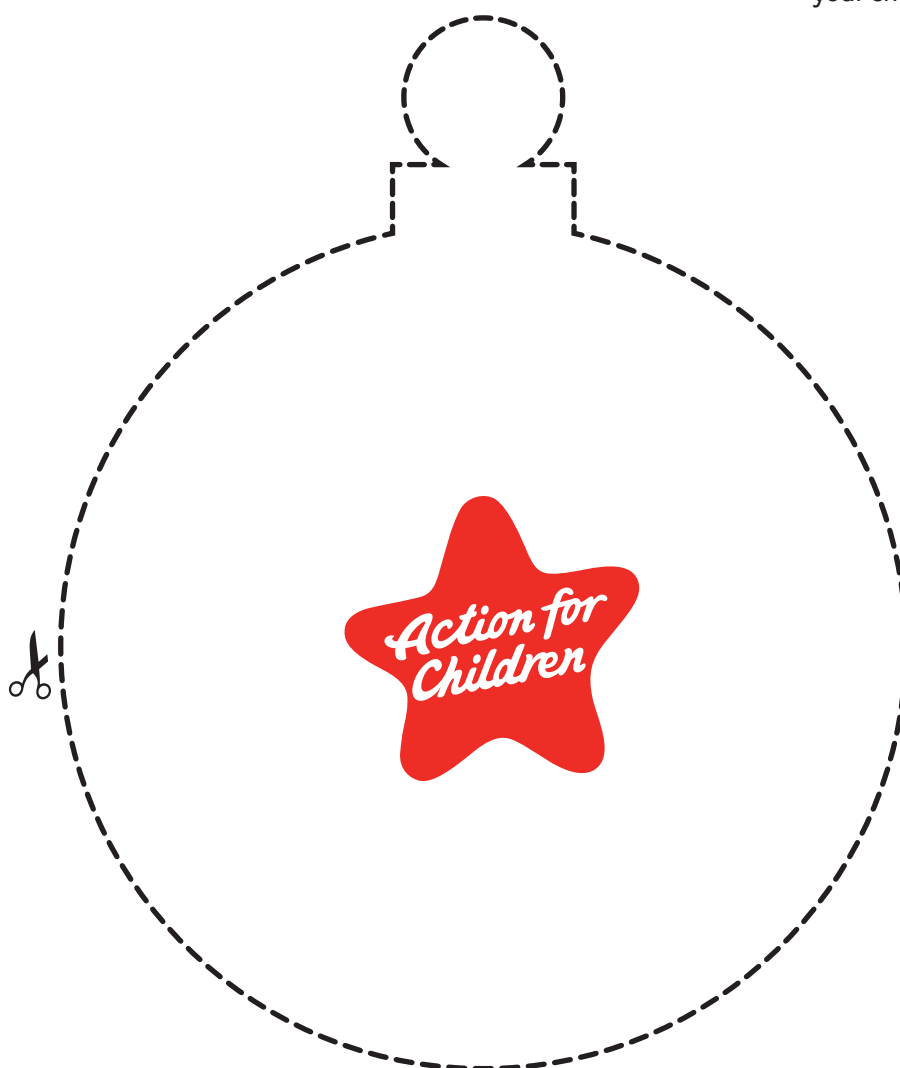

Get creative and decorate your bauble with colours, glitter, drawings or your own prayer.

Cut out your bauble along the dotted line (making sure young children have help with scissors).

Use a pencil to make a hole in the top, and use ribbon or string to hang on a special Christmas tree – either at home, school or your church.
