

# Be a **Secret Santa**

**for a vulnerable child**

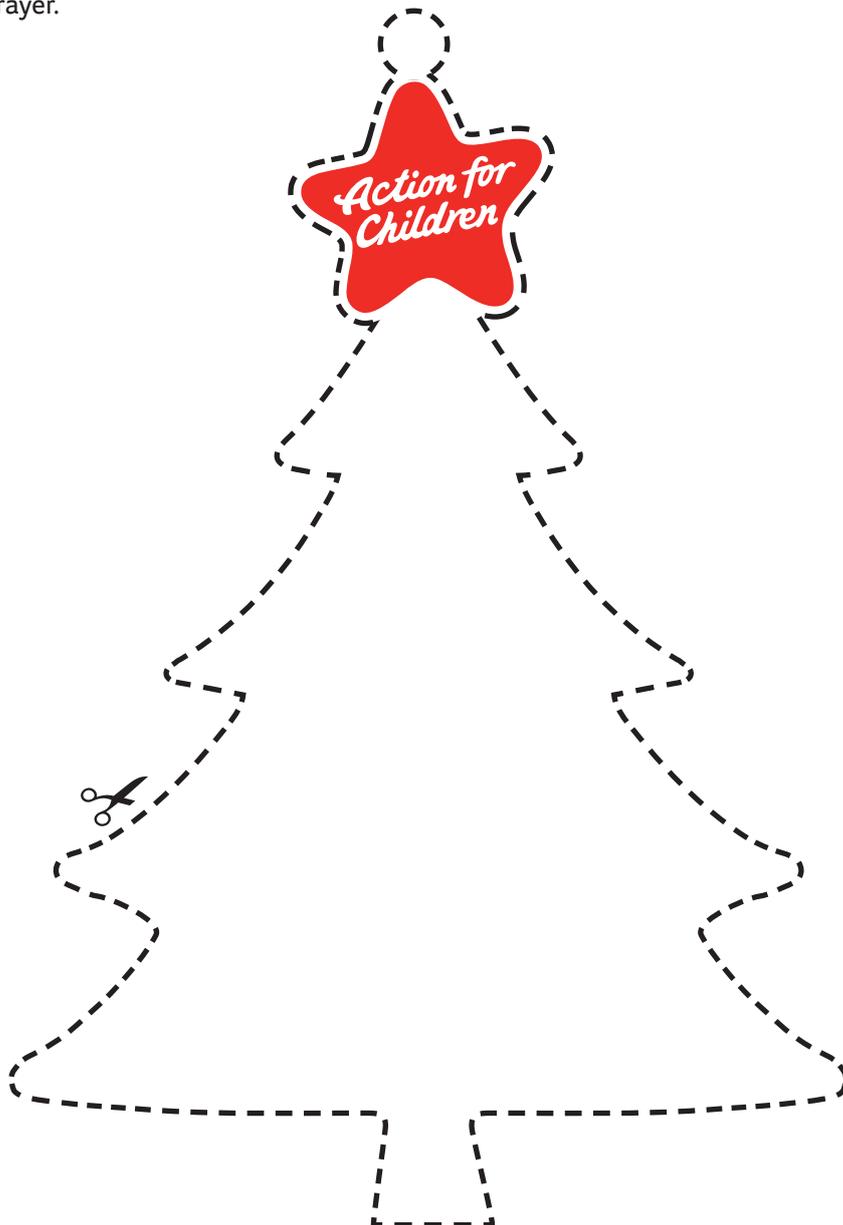

## Deck your halls

Come together as a family, school or congregation this Christmas, and decorate your own Action for Children Christmas tree decoration. By sharing our vision, you could help more vulnerable children feel the magic of Christmas.

### To make your decoration:

- 1** Get creative and decorate your tree with colours, glitter, drawings or your own prayer.
- 2** Cut out your tree along the dotted line (making sure young children have help with scissors).
- 3** Use a pencil to make a hole in the top, and use ribbon or string to hang on a special Christmas tree – either at home, school or your church.
